<i>1st verse and chorus English:</i>	Flew in on a Soyuz rocket into space Soon the station came in sight On the way I felt the starlight on my face Man I had an awesome flight I'm back at the ISS, yes! You don't know how far out that is, boy Back at the ISS, yes!	Flew in on a Soyuz rocket into space Soon the station came in sight On the way I felt the starlight on my face Man I had an awesome flight I'm back at the ISS, yes! You don't know how far out that is, boy Back at the ISS, yes!
<i>2nd verse and chorus Dutch:</i>	Keek er erg naar uit, ik had zo lang gewacht Tot ik weer de lucht in ging Ik ben nogal allergisch voor de zwaartekracht Zweven is toch meer mijn ding 'k-ben terug in de ISS, yes! Nu zelfs voor 'n maand of zes Terug in de IS Terug in de IS Terug in de ISS, yes!	I'd been looking forward, had been waiting for so long Until I went into space again I'm quite allergic to gravitation I've always preferred floating I'm back at the ISS, yes! This time even for about 6 months Back at the IS Back at the IS Back at the ISS, yes!
<i>1st bridge (English):</i>	Well, the Earth seems just so new tonight The oceans deep and blue The mountains high, the prairies wide I'm dazzled by the beauty of our planet and its species too Oh, hold on	Well, the Earth seems just so new tonight The oceans deep and blue The mountains high, the prairies wide I'm dazzled by the beauty of our planet and its species too Oh, hold on
